Documents you may receive from us

When we provide you with personal advice, you will normally receive a Statement of Advice (SoA). Your SoA will include important information regarding the basis of the advice, details of the fees that apply to the recommended products and details of remuneration paid (if any) related to the advice.

If we provide you with further advice, another SoA may not be required. Where another SoA is not required, we may provide you with a Record of Advice (RoA).

You can ask for a copy of these at any time from your financial planner or by contacting us using the details in this guide.

If we recommend a new financial product we will also provide you with the relevant PDS. The PDS contains information about the particular product including details of features and benefits and the fees and charges. It will assist you in making an informed decision about the product.

Paying for the services we provide

StatePlus offers different ways of getting advice. You can:

- Partner with StatePlus for regular advice; or
- Work with one of our planners whenever you need.

You can elect to see a planner at one of our locations, or you can talk to a planner over the phone, giving you choice and flexibility in how you want to deal with us.

The fee charged to you will depend on:

- The nature of the advice we provide;
- Whether the advice is needed for a specific situation or is ongoing;
- Whether the advice is relatively simple such as making additional contributions to your super fund; or
- More complex such as developing your retirement plan.

No fee is payable for your initial appointment with a StatePlus financial planner. This provides an opportunity for us to get to know you and to understand your situation, your financial needs and the complexity of the potential advice required.

Once your advice needs are identified, we will discuss and agree the fees and the scope of advice with you. This will be documented in an agreement and you will therefore know the services to be provided to you and an estimate of what they will cost, before any services commence.

The actual costs will also be outlined in your advice document when the advice is finalised.

You may choose to pay fees directly to us or where possible, they may be deducted from your product.

Superannuation Advice Team

Advice received by eligible First State Super members on their existing superannuation interest, is provided at no additional cost. First State Super pays StatePlus a fee to provide this service. The cost of providing this service is deducted out of the administration fee First State Super charges its members.

Our fees

The fees you pay for our advice and services will reflect the advice you need and may be based on:

- A set dollar amount that is agreed between you and us. Fees can range between \$660 and \$8,500 (including GST) depending on the complexity of the advice;
- A percentage based fee for ongoing advice of up to 0.75% pa. This is calculated on the value of assets in the following products: Flexible Income Plan, Transition to Retirement Plan, Tailored Super Plan and Investment Fund B, up to the maximum advice fee of \$8,000 (including GST). The fee
 - can be deducted from these product(s) and paid to us;
 - is generally calculated daily and deducted from your account, monthly, in arrears; or
 - a combination of the above.

Alternatively, if you are invested in any of the First State Super Personal Retirement Plan, Allocated Pension Fund, or Term Allocated Pension Fund, we receive from the trustee a fee for advice services that are provided to members of these products. In respect of the StatePlus Investment Funds Class A, a single ongoing management fee is charged that covers the cost of investment management and administration as well as gaining access to most StatePlus advice services. Additional advice fees may be charged where you are invested in one of these products.

Specialist Advice fees

If the advice we provide to you is in relation to 'specialist advice' (personal insurances and aged care or voluntary redundancy), we may charge you an additional one-off advice fee.

Any additional advice fees payable will be agreed with you prior to providing you with our advice and will be confirmed in documentation received from us. You are able to pay the advice fee directly to us.

What benefits are received?
